Women's Health USA 2008

The U.S. Department of Health and Human Services, Health Resources and Services Administration released *Women's Health USA 2008*, the seventh edition of the *Women's Health USA* data book. "To reflect the ever-changing, increasingly diverse population and its characteristics, *Women's Health USA* selectively highlights emerging issues and trends in women's health. Data and information on occupational injury, maternal mortality, digestive disorders, oral health, eye health, and urologic disorders are only a few of the new topics included in this edition. Every effort has been made to highlight racial and ethnic, sex/gender, and socioeconomic disparities where possible."

You can access the book at any of the three web links:
